

MAYFAIR DIAGNOSTICS AT A GLANCE

Experience patients can rely on

- We've been serving patients in Calgary for over 100 years.
- Our radiologists practice in both community-clinic and hospital settings.
- Mayfair Diagnostics is owned and operated by over 50 radiologists who are fellowship-trained in all radiology subspecialties, ensuring an expert review for a confident diagnosis.
- Mayfair radiologists also use medical imaging to perform minimally-invasive procedures in hospital to treat conditions like an enlarged prostate or uterine fibroids.

Our patients and our community are at the heart of everything we do

- New mammography technology designed to improve the experience for patients.
- Pain therapy protocols for patient safety.
- Booking available in over 200 languages.
- Empowering our patients through educational events within the community.

- We are the official imaging provider to the Calgary Flames, Stampeders, Hitmen, and Roughnecks with onsite X-ray services at the Saddledome and onsite ultrasound services at McMahon Stadium.

A commitment to improving patients' lives through innovation

- We were the first to introduce a physician-run, private pay MRI and CT clinic in Calgary.
- Our service offering is based on current, evidence-based research.
- Our technology investment is leading edge with an eye to improved patient care in nuclear medicine imaging.
- Our SPECT/CT services at Sunpark feature software that reduces the impact of implanted metal hardware while still producing high quality images – all at a lower dose of radiation.
